Forecast For Wales
Issued by Met Office Exeter
at 1600 on Thursday 15 Jul 2021

++ Valid for broadcast between 1800 and 0600

Headline:
Clear and dry overnight. Very warm and dry on Friday.

This Evening and Tonight:
It will be staying dry through the evening and overnight, with clear skies for most but a risk of the odd isolated fog patch forming for prone locations. Minimum temperature 9 deg C (48 deg F).

Friday:
Another fine day, after any early fog patches clear. Plenty of sunshine throughout, with some patchy fair-weather cloud developing into the afternoon. Feeling very warm or hot in the sunshine. Maximum temperature 27 deg C (81 deg F).

Outlook for Saturday to Monday:
Staying dry with plenty of sunshine over the weekend, and temperatures rising further. Becoming cloudier into Monday, bringing slightly cooler temperatures and the risk of an odd shower.
